

went well--we left on time, ate heartily at Denny's, arrived in plenty of time to set up and get in some "test" flights, and finally, put on an hours show in what I would describe as in fantastic but in "the worst" weather we have ever flown in. Hope the return trip went well and we'll do it again in the future. Had loads of fun!!! Again, THANKS! Al Mosher
Just couldn't let some of these great photos Ron took go to waist.

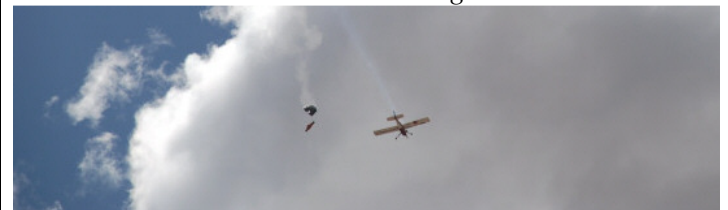

One of the best photos I've seen in a while. A good shot of Rick Chitty's Fokker D7 on the tail of Bob Snook's British SE5a while skimming the clouds. Great photo Ron.

Sam Egan performed his first aerobatic routine to music with his T-28. By the way, the little foamie military trainer was a real crowd pleaser. It handled the winds/bumps with ease. No matter what you fly, you need one of these!!!

Paul Bohardt and announcer Craig Blackman.

Billy Plunkett's parachutist "Dangerous Dan" bailing out of Rick Chitty's aircraft. Both worked perfectly and got a great reaction from the crowd.

My old P-47 threading the trees on a strafing run.
